AFFIDAVIT OF DR. ENOS MARTIN

I, Dr. Enos Martin, do hereby swear that the following is true and correct to the best of my knowledge, information and belief:

1. PrimeCare Medical has employed me as a psychiatrist since 1997.

Attached is a copy of my curriculum vitae, which I swear is an accurate representation of my education and work experience.

2. During my employment with PrimeCare Medical, I have primarily provided psychiatric services for the inmates and detainees at the Dauphin County Prison. During the time Richard Smith was the Vice President of Operations for PrimeCare, I considered him to be my supervisor.

3. In 2006 and 2007, Rick Smith told me that I should work approximately twelve (12) hours per week at the Dauphin County Prison.

4. I never participated in any negotiations regarding the Dauphin County contract and have not reviewed the contracts between PrimeCare Medical and Dauphin County Prison.

5. Richard Smith never told me that I had to spend more time at the Dauphin County Prison.

6. Periodically in 2006 and 2007, I inquired of Mr. Smith about the status of my hours and he told me not to worry about it and that I was doing a good job at the Dauphin County Prison.

7. I keep track of my time by completing time sheets that are then delivered or faxed to the corporate office of PrimeCare Medical. PrimeCare Medical pays me hourly for my services. PrimeCare Medical pays me every two (2) weeks.

8. I am on-call for PrimeCare Medical, Inc. twenty-four (24) hours, seven (7) days a week. I receive calls every day. Most of the calls can be resolved in a short period of time. However, I receive calls regarding complex matters several times a week that require a significant amount of discussion. I do not bill the on call time to PrimeCare Medical as a separate charge.

9. Rick Smith never asked me if I would provide additional hours of coverage at Dauphin County Prison.

10. I was surprised that Rick Smith made psychiatric hours at Dauphin County Prison an issue in the lawsuit he has filed against PrimeCare Medical.

11. It is my opinion that I provided the required hours of service at Dauphin County Prison as directed by Mr. Smith.

Dr. Enos Martin

Sworn to and subscribed
before me this 28th day
of August, 2009.
